In this, the sixth year of the Extreme Nest Makeover, your residents continued to amaze us with their creativity! Each and every one of the entries were unique and a joy to see.

The purpose of activities is not to kill time; but to make time live; not to keep a person occupied but to keep him refreshed; not to offer an escape from life, but to provide a discovery of life.

THANK YOU to the activity staff who involved their residents in this year’s event. You are all instrumental in the joy this brings to the residents.

As with everything we do, our focus is resident ability and we see lots of ability in your residents. You will too as you take a look at what’s been filling our mailbox. You might even get some great ideas for next year!

Thanks again!

“Thank you for the wonderful opportunity for our resident’s to enter your contest. They had a wonderful time making their birdhouses.” ~ Andy P, Activity Assistant
